WHAT DOES IT MEAN TO WORK AT BAOASE?

At Baoase Luxury Resort, we work together as a family to make our guests feel as much at home as we do. This is the reason many of our associates come in looking for a job but end up staying for a career.

Our people are our most important asset.

- Baoase offers a variety of resources to encourage and provide associates with what they need to develop to their full potential.
- Baoase is committed to hiring a diverse workforce and sustaining an inclusive culture.

A workplace atmosphere that feels like home.

- A work environment that is a 'home away from home' for many associates where co-workers feel like family.
- Service is what sets Baoase apart for our guests, so our associates are empowered to go the extra mile, do the job right, and make exceptional experiences happen.
- Working for Baoase gives associates a sense of pride and dignity, which challenges them to deliver their personal best every day to every guest.

OUR HISTORY

2005

When a neglected plot of Curaçao beach steals the heart of an irrepressible entrepreneur, five family villas are bound to be more than just that. Ad van der Valk and his partner Bibi dreamed up a luxury resort – building their lagoon single-handedly. Rock after rock after rock. The first stone is placed by Bibi in 2005.

2009

In December of 2009, the doors of Baoase Luxury Resort open for the first time. The resort consists of the 5 Oceanfront Villas and the Master Villa. Together with the finished bar, the resort was ready to welcome its first guests.

2015

Baoase Luxury Resort is expanding even more this year with 8 new Beachfront Pool Suites. Baoase becomes a Virtuoso member and receives awards from Fodor's Choice and Luxury Travel Guide.

Now

The company currently has 23 accommodations, all served by over 150 dedicated members of staff, and is voted one of the highest-ranking luxury resorts of the Caribbean.
