## DRIVING IN CURAÇAO

Driving around the island is simple and relaxed. You'll be on the right-hand side, and traffic rules are familiar to most travelers from Europe and the US. In towns and residential areas, the speed limit is 45 km/h (28 mph), while main roads and the island's ring road allow for 60 to 80 km/h (37 to 50 mph).

Need a little help getting started? Our Guest Services Team is happy to provide a free island map and share personalized tips, so you can explore with ease and confidence.
