Island bliss reaches its pinnacle in the Master Villa - Baoase's crown jewel and the house that would be the start of Baoase. With breathtaking panoramic views over the Caribbean Sea and Bibi Island, this extraordinary villa is designed for complete privacy and indulgence. At its heart lies a private infinity pool, revealing a hidden luxury cave featuring a whirlpool, bar, and serene wellness space. A personal chef, dedicated butler, and exclusive access to a private beach elevate every moment of your stay.

The Master Villa offers a warm and intimate setting for a family getaway, accommodating two adults and two children, with a beautifully appointed bathroom within the villa. The Master Villa can be connected to two guestrooms and two suites, making it a spacious retreat for up to 12 guests. The beautiful scenery also makes the villa an ideal location for private events such as receptions, dinners, or wedding ceremonies. The fully equipped kitchen and open living room connect to the spacious deck and private infinity pool.
